

### Stretch Film Wrappers

---

#### **PP-981 HP (High Profile)**

Economical semi automatic pallet wrapper with mechanical pre-stretch and digital controls. 10 program memory, Variable wrap count, 3,000 lb capacity, fixed speed turntable, standard machine accommodates pallets up to 85" high, 59" heavy duty turntable with diamond plate non-slip surface. 110 volt power.

#### **PP-981 LP (Low Profile) Includes Ramp**

Economical semi automatic pallet wrapper with mechanical pre-stretch and digital controls. 10 program memory, Variable wrap count, 3,000 lb capacity, fixed speed turntable, standard machine accommodates pallets up to 85" high, 59" heavy duty turntable with diamond plate non-slip surface. 110 volt power. **Includes Loading Ramp**

#### **PP-983 HP (High profile)**

Semi automatic pallet wrapper with 225% automatic powered pre-stretch with "Easy Thread Design", 10 program memory, digital controls, photo eye, 4,000 lb capacity, 18 sets of double roller supports, 30-40 loads per hour, variable speed turntable 0-12 RPM, 59" heavy duty turntable with diamond plate non slip surface, 110 volt power.

#### **PP-983 LP (Low Profile) Includes Ramp**

Semi automatic pallet wrapper with 225% automatic powered pre-stretch with "Easy Thread Design", 10 program memory, digital controls, photo eye, 4,000 lb capacity, 18 sets of double roller supports, 30-40 loads per hour, variable speed turntable 0-12 RPM, 59" heavy duty turntable with diamond plate non slip surface, 110 volt power. **Includes loading ramp!**

**Predator® SS** Semi-Automatic Turntable Stretch Wrapper with Simplified Stretch

Simple and easy to use, the Predator® SS is the affordable solution to stretch wrap your load without stretching your budget. The Predator® SS is loaded with features, including top and bottom counters, photo eye, and two (2) wrapping modes.

State-of-the-art INFO screen shows current machine operation and makes troubleshooting easy. The Simplified Stretch allows you to precisely adjust your stretch level and film force on your load with the turn of a knob.

---

**Predator® XS** Semi-Automatic Turntable Stretch Wrapper

The Predator® XS is designed with extra features that surpass all preconceived notions of performance and value in semi-automatic systems.

The Predator® XS provides greater film savings as well as improved performance with Select-Stretch™. Allen-Bradley PLC, automatic film cut, AC drives, and Fast Film Feed make the Predator® XS the most advanced and reliable system available

---

Manufactured in the USA, the **PATRIOT's** lean no nonsense feature rich design makes it the perfect entry level machine. Ideal for low volume production environments, The Patriot can help reduce labor and material costs while improving production efficiencies at the same time. The chain driven turntable and carriage and all steel welded construction make it one of the most durable machines on the market.

This machine comes equipped with large 85" maximum wrap diagonal and 4,000 lb. load capacity, based on a 60" diameter turntable for low profile machines, and 50" x 50" square turntable for high profile machines.

---

The new **PRO-SERIES®** enjoys the reputation of being one of the most cost-effective semi-automatic machines on the market today. A new ergonomic sturdy design, with chains enclosed in the tower frame, ensures safer operation. Standard features include: illuminated adjustable (0-7) LED top & bottom wrap counters, top overwrap control, anti-static film rollers, cycle pause, variable speed controls for both turntable and carriage, upgraded photo eye to see most dark loads, plus EZ-LOAD Powered Pre-Stretch, maximizing stretch film usage.
