

Product Information Sheet

Description/Specification: Heavy-duty foam hand cleanser with grit. Non-abrasive environmentally sustainable bio-scrubbers suspended in thick, creamy and deep cleaning foam. Slight citrus aroma produced by citrus based ingredient, no added fragrance or dye. Cartridges contain 3250 milliliters and are ultrasonically sealed, non-vented, and fully recyclable (HDPE Type 2). EcoLogo™ certified, USDA BioPreferred accreditation, and VOC compliant. Formulated for one dose application. Dispensed from proprietary, Biocote® protected dispenser at the rate of 3 milliliters per push.

Usage: For use in restrooms and hand washing areas to remove all types of dirt and grime at break times, before meals, end of shift or other times as needed. Not for use in food contact areas.

Method of Use: Apply 1 dose to dry hands and work in to loosen all soilings. Rinse well with clean, running water and dry hands thoroughly.

	Feature	Benefit
Improves Health & Safety	Foam Technology	Patented foaming technology transforms 3 mL of liquid into high volume foam with suspended grit that enables it to spread very easily across the hands and forearms for a thorough and efficient cleansing.
	Hygienic	Cartridges are ultrasonically sealed and designed to prevent air ingress into the cartridge minimizing the risk of external contamination.
	Dispensers	Dispensers with BioCote® protection are guaranteed for life and are color-coded with usage instructions to encourage hand washing best practice.
Environment	USDA BioPreferred Designated	The USDA Certified Biobased Product label assures the consumer that a product or package contains a verified amount of renewable biological ingredients.
	EcoLogo™ Certified	EcoLogo provides customers with assurance that the products meet stringent standards of environmental leadership.
	Contains Natural Cornmeal Scrubbing Agents	Natural, non-abrasive and biodegradable ground cornmeal scrubbers give an effective and efficient deep clean without damaging the skin or harming the environment.
	Recyclable Packaging	All cartridge components and packaging are recyclable while formulations are biodegradable.
Reduces Total Costs	Power of Foam	Foam format helps product spread quickly, clean thoroughly and rinse quickly in potentially less time while requiring less water.
	No Wastage	Cartridge collapses during normal use to maximize evacuation of product.

Technical Data

Ingredients: Aqua, Zea Mays (Corn) Kernel Meal, Sodium Laureth Sulfate, TEA-Lauryl Sulfate, Polyglycerol-6, Coco-Glucoside, Acrylates Copolymer, Cocamidopropyl Betaine, Limonene, Glycerin, Citric Acid, Tetrasodium Iminodisuccinate, Sodium Hydroxide, 2-Bromo-2-Nitropropane-1,3-Diol, Methylchloroisothiazolinone, Methylisothiazolinone, Magnesium Nitrate, Magnesium Chloride, BHT, Sodium Chloride

Handling Instructions: Avoid contact with eyes. In case of contact with eyes, rinse immediately with plenty of water (for at least 10 minutes) and seek medical advice, if condition persists.

Shelf Life: This product has a recommended shelf life of 24 months from the date of manufacture.
